## Counting the Catalog #7

Paul Mistretta (LM-111)

Four of the five “new” pubs acquired by the Club and announced on page 118 of the September 2003 Bulletin supercede the previous citations in my list. The following should be substituted into the master reference list:

Cardona, Jose A.[?]. Catalogo dos Selos Perfurados de Portugal, Acores, Madiera e ex -Colonias. Lisbon, Portugal: Privately Published. 27 p. – Replaces Everett, R. P. 1988.

Lavender, Mervyn. 2002. Perfins of Malaysia.. 2<sup>nd</sup> Ed. Bournemouth, Great Britain: Dalkeith Press. 76 p. – Replaces Giffen, P. 1989.

Rodriguez, Florenntino Perez. 1992. Catalogo de Perforaciones Clasicas y Modernas en los Sellos de Correos de Espana. Madrid, Spain: [???]. 76 + 11 p. Replaces [Everett, R. P.] 1985.

Varjabedian, Vahe. 1999. Perfins on Egyptian Stamps. Cairo, Egypt: Nubar Printing House. 32 p. – Replaces Schwerdt 1995.

In addition to these the new Australian catalog should be substituted into the listing as:

Matthews, John, ed. [2003]. Handbook of Australian Private Perfins. Kambach, A.C.T., Australia: Priv Publ. [275 p.]

And notes on a couple of corrections (thanks to Bob Schwerdt’s sharp eyes) to previously published parts of the listing.

The listing contains both A.E.F and French Equatorial Africa. Cross reference A.E.F. to French Equatorial Africa and delete the count for A.E.F.

And in the same vein, A.O.F. and French West Africa are both listed. Cross reference A.O.F. to French West Africa and delete the count for A.O.F.

Croati/Slovenia should be Croatia/Slavonia and a third forerunner is Slovenia.

Gondal is listed twice. Delete the second reference (the first is alphabetized correctly.)

Kedah is appropriately listed in Malaya not India as listed..
